

I am an over the road truck driver and I depend on my XM radio to get me the local road conditions and local weather in the areas I travel. I pay for this service because I need to know these conditions. They make my job a lot easier. I do not think it should be up to the National Association of Broadcasters to dictate what I am permitted to hear. I pay for these services and want to continue to receive them. I respectfully urge the FCC to reject NAB's petition 04-160 and support XM's ability to provide the kind of programming I demand and deserve.
